ENGINEERING NEWS

A JOURNAL OF

CIVIL, MECHANICAL, MINING AND
ELECTRICAL ENGINEERING

VOLUME LXVI

UM

JULY—DECEMBER, 1911

THE ENGINEERING NEWS PUBLISHING COMPANY

NEW YORK

gen cont.

SUPPLEMENT TO ENGINEERING NEWS, DECEMBER 28, 1911.

INDEX

TO VOLUME LXVI., JULY--DECEMBER, 1911.

Subdivided into GENERAL (including *Technical Articles, Editorials, Letters to the Editor, Current News* and *Book Reviews*); ILLUSTRATIONS; AUTHORS; ENGINEERING LITERATURE; and CONTRACT PRICES.

GENERAL INDEX.

A.

- Abutments:
  - Design of railway, bridge abutments. Eng. Lit. Sup. 46
  - New York, Ontario & Western Ry., Delaware River bridge. By C. E. Knickerbocker *725
- Accident statistics:
  - Boiler, elevator and flywheel explosions .... (ns) 189, 241, 345, 545
  - Reinforced-concrete failures in Prussia .... (n) 610
- Accidents:
  - Aeroplane:
    - Chicago, Ill., Aug. 15 .... (n) 215
    - Ely killed, Oct. 19 .... (n) 520
    - England:
      - Germal Napier killed .... (n) 159
      - Lieut. Ridge killed .... (n) 241
      - Oxley killed .... (n) 755
    - France:
      - Lautheaume killed .... (n) 755
      - Military aviator killed .... (n) 325
      - Frisbie killed, Sept. 1 .... (n) 300
    - Germany .... (ns) 325, 693
    - Mansfield, Pa., Sept. 22 .... (n) 389
    - Montgomery killed, Oct. 31 .... (n) 545
    - Nassau Boulevard, L. I., N. Y. .... (n) 389
    - Paine killed, Sept. 14 .... (n) 353
    - Peru, at Lima, Sept. 7 .... (n) 325
    - Ponce, Porto Rico .... (n) 693
    - Rosenbaum killed, Sept. 19 .... (n) 353
    - Russia .... (ns) 128, 273
    - Spain .... (n) 325
    - Spokane, Wash., Oct. 2 .... (n) 422
    - Troy, Ohio, Sept. 24 .... (n) 389
  - Austin, Pa., dam failure .... (ns) 453, 639
  - (See also under Dams.)
  - Blasting accident, Elmhurst, Ill. .. (n) 325
  - Boiler explosions:
    - Ardmore, Pa. .... (n) 693
    - British torpedo-boat destroyer .. (n) 127
    - "City of St. Joseph," steamboat .. (n) 35
    - Eaton, Ind. .... (n) 240
    - Freebridge, N. Y. .... (n) 639
    - Liverpool, England .... (n) 665
    - Locomotive, Kamela, Ore. .... (n) 784
    - New York City, Greenwich Cold Storage Co. .... (n) 521
    - Ohio River tug boat .... (n) 693
    - Rotterdam, Holland .... (n) 215
    - "Strew," German government steamer .... (n) 301
    - U. S. torpedo-boat "Tingey" .... (n) 520
  - Bridges:
    - Akron, Ohio .... (n) 489
    - Auburn, Cal. .... (ns) 578, 610
    - Burlington, N. J. .... (n) 755
    - Fall River, Mass. .... (n) 128
    - Haddonfield, N. J. .... (n) 785
    - Mount Vernon, N. Y. .... (n) 301
    - Paris, France .... (n) 422
    - Philadelphia, Pa. .... (n) 520
    - Railway bridge, France .... (n) 665
    - Roseburg, Ore. .... (n) 273
    - Russia, Railway bridge .... (n) 723
    - Switzerland .... (ns) 301, 354
    - Traveler collapse, Salisbury, Pa. .. (n) 67
  - Buildings:
    - Altoona, Pa. .... (n) 785
    - Baltimore, Md. .... (n) 755
    - Boston, Mass. .... (n) 489
    - Buffalo, N. Y. .... *30, *56, (n) 273
    - Ilion, N. Y. .... (n) 489
    - Indianapolis, Ind., Reinforced concrete failure .... *717, (let) 778, *780
    - Los Angeles "Times" Building explosion .... (ed) 685, (n) 693
    - New Orleans, La. .... (n) 389
    - New York City Bureau of Buildings, Work of *144
    - Nice, France .... (n) 325
    - Portugal, Theater .... (n) 389
    - Watertown, Ont. .... (n) 755
    - Winnipeg, Man. .... *408, (n) 325
  - Cave-ins:
    - Canadian Northwestern Ry. .... (n) 452
    - Louisville & Nashville R. R. .... (n) 159
    - Muskogee, Okla., Sewer trench. (n) 127
  - Dams:
    - Austin, Pa. .. (ed) 410, *419, (lets) 446, (n) 453, 462, (lets) 512, 543, (n) 540, 639
    - Dells and Hatfield dams, Wisconsin. By W. D. Pence .... *482, (ed) 511
  - Derrick falling kills two, Websterville, Vt. .... (n) 159
  - Dust explosions; Winona, Minn. .. (n) 159
  - Earthquakes:
    - California .... (n) 35
    - Germany and Switzerland .... (n) 639
  - Electric railway:
    - Kansas City, Mo. .... (n) 755
    - Ridgewood, N. J. .... (n) 127
    - Rochester, Mich. .... (n) 452
  - Elevator accident, New York City .. (n) 784
  - Explosions:
    - Acetylene generator, Worcester, Mass. 271
    - Ammonia tanks, Brockton, Mass. .. (n) 159
    - Battleship "Maine"; Cause of .. (n) 723
    - Compressed-air tank, Chicago, Ill. (n) 639
    - French battleship "Liberte" .... (n) 388
    - Oil tank on British battleship "Orion" .... (n) 755
    - Riverton, Ill., Illinois Traction Co. (n) 127
    - Yonkers, N. Y., Foundry mold .. (n) 35
    - (See also Boiler, Gas and gasoline, Mine, Powder and dynamite explosions; etc.)
- Accidents:
  - Fires:
    - Antwerp, Belgium .... (n) 215
    - Barstow, Cal. .... (n) 35
    - Ely, Nev. .... (n) 273
    - Germany, near Frankfort .... (n) 241
    - Juneau, Alaska .... (n) 325
    - Marseilles, France .... (n) 67
    - Nelson, B. C. .... (n) 325
    - Palestine, Tex. .... (n) 67
    - Rio Janeiro, Brazil .... (n) 353
    - Savannah, Ga. .... (n) 273
    - Stamboul, Turkey .... (n) 215
    - Switzerland .... (n) 301
    - United States in 1911 .... (n) 215
    - (See also Forest fires.)
  - Floods:
    - Austin, Pa. (See Dams.)
    - China .... (n) 301
    - England .... (n) 784
    - Merrimac River, Massachusetts. By Edward Burr. *100, (ed) 118, (let) 119
    - Seattle, Wash. .... (n) 665
    - Washington State .... (n) 639
    - Wisconsin. By W. D. Pence .... (ed) 443, (let) 452, *482
  - Fly-wheel explosion, Bruin, Pa. .. (n) 784
  - Forest fires:
    - California .... (n) 189
    - Massachusetts in 1911 .... (n) 755
    - Newfoundland .... (n) 273
    - Northern Ontario .... (n) 97
    - Prevention of; Oregon laws 76
  - Gas and gasoline explosions:
    - Acetylene generator, Worcester, Mass. 271
    - Joliet, Ill. .... (n) 240
    - Mattoon, Ill. .... (n) 693
    - Schooner "Whisper" .... (n) 353
    - Sewer explosions, New York City (n) 389
  - Grade crossing:
    - Albany, N. Y. .... (n) 35
    - Baldwin, N. Y. .... (n) 273
    - Causes and prevention of .... (ed) 179, (let) 240
    - Glendale, N. Y. .... (n) 35
    - Neenah, Wis. .... (n) 389
    - New York State, July .... (n) 189
    - Warwick, N. Y. .... (n) 35
  - Kenwood, Pa., Gas in well kills two. (n) 353
  - Mine:
    - Butte, Mont. .... (n) 301
    - Freeland, Pa. .... (n) 453
    - Hibbing, Minn. .... (n) 240
    - Hibernia, N. J. .... (n) 521
    - Joplin, Mo. .... (n) 159
    - Scranton, Pa. .... (n) 353
  - Mine explosions:
    - Briceville, Tenn. .... (n) 723
    - Coal dust as a cause of .... (ed) 743
    - Harrisburg, Pa. .... (n) 520
    - Punxsutawney, Pa. .... (n) 610
    - St. Etienne, France .... (n) 520
    - Sykesville, Pa. .... (n) 97
    - Telluride, Colo. .... (n) 452
    - Vivian, W. Va. .... (n) 639
  - Mine fire, Ely, Neb. .... (n) 273
  - Moving-picture theater panic, Canonsburg, Pa. .... (n) 273
  - New York City; Minaret falls from Trinity Bldg. .... (n) 693
  - Orange, N. J., Road roller crushes man .... (n) 489
  - Powder and dynamite explosions:
    - Cornwall-on-Hudson .... (ns) 215, 323
    - Costa Rica .... (n) 215, 273
    - Los Angeles "Times" building, McNamara brothers confess .... (ed) 685, (n) 693
    - Mount Vernon, N. Y. .... (n) 301
    - New York City, Central Park .. (n) 452
    - Panama Canal steam shovel wrecked (n) 755
    - Telluride, Colo. .... (n) 452
  - Powder mill explosions:
    - Chehallis, Wash. .... (n) 578
    - Denver, Colo. .... (n) 97
    - Haskells, N. J. .... (n) 578
  - Powder mill explosions:
    - Horrell Station, Pa. .... (n) 67
    - Marietta, Ohio .... (n) 67
    - South Acton, Mass. .... (n) 353
    - Weymouth, Mass. .... (n) 723
  - Railway accident statistics, United States .... (ns) 189, 579
  - Railway:
    - Baltimore & Ohio R. R.:
      - Cambridge, Ohio .... (n) 520
      - Pittsburgh, Pa. .... (n) 273
    - Bangor & Aroostook R. R., Grindstone, Me. .... (n) 150
    - Chicago, Milwaukee & St. Paul Ry.:
      - Minneapolis, Minn. .... (n) 273
      - Odessa, Minn. .... (n) 755
    - Cincinnati, Hamilton & Dayton R. R., Kirkwood, Ohio .... (n) 273
    - Cleveland, Cincinnati, Chicago & St. Louis R. R., Columbus, Ohio (n) 240
    - Germany .... (n) 97
    - Lake Erie & Pittsburgh Ry., Cleveland, Ohio .... (n) 353
    - Lehigh Valley R. R., Manchester, N. Y. .... (n) 273, 692, (n) 638
    - Minneapolis & Sault Ste. Marie Ry., Superior, Wis. .... (n) 67
    - Missouri Pacific Ry., Fort Crook, Neb., Joplin, Mo. .... (n) 489, 693
- Accidents; Railway; (continued.)
  - New York, New Haven & Hartford R. R.:
    - Bridgeport, Conn. 67, *94, (eds) 88, 147, (lets) 150, (ns) 127, 241
    - Middletown, Conn. .... (n) 273
  - Northern Pacific Ry., Pipestone, Mont. .... (n) 639
  - Oregon Trunk R. R., The Dalles, Ore. .... (n) 97
  - Pennsylvania R. R.:
    - Dock Junction, Pa. .... (n) 300
    - Fort Wayne, Ind. .... (n) 215
    - Lucastown, N. J. .... (n) 67
    - Manor, Pa. .... (n) 723
    - Monmouth Junction, N. J. .... (n) 639
  - Pittsburgh & Lake Erie R. R., Pittsburgh, Pa. .... (n) 273
  - St. Johnsbury & Lake Champlain R. R. .... (n) 300
  - Seaboard Air Line Ry., Hamlet, N. C.; Gloster, Ga. .... (ns) 159, 784
  - Southern Ry., Sueville, S. C. .. (n) 240
  - Superior, Wis. .... (n) 97, (ed) 261
  - Texas & Pacific R. R., Texarkana, Tex. .... (n) 784
  - Trespassers on the Pennsylvania R. R. .... (n) 301
  - Trinity & Brazos Valley Ry., Karen, Tex. .... (n) 578
  - Virginian Ry. .... (n) 241
  - Ulster & Delaware R. R., Halcottville, N. Y. .... (n) 300
  - Union Pacific Ry., Rock River, Wyo. .... (n) 545
  - Wisconsin Central Ry., Fremont, Wis. .... (n) 300
  - (See also Electric railway accidents; Grade crossing accidents, etc.)
  - Scranton, Pa., Subsidance over old mine .... (n) 638
  - Shipwrecks:
    - Collision between the "Olympic" and the "Hawke" .... *463, 633, (let) 715
    - "Emir" sunk .... (n) 241
    - "Emperor" sunk .... (n) 520
    - "Irma" sunk .... (n) 94
    - Japanese torpedo-boat destroyer (n) 665
    - "John Mitchell" in collision .... (n) 97
    - "Lordos Byron" sunk .... (n) 578
    - "Ramona" sunk .... (n) 353
    - "Santa Rosa" wrecked .... (n) 67
    - "Sirus" sunk .... (n) 159
    - "Spokane" sunk .... (n) 35
    - Torpedo-boats ashore in South Carolina .... (n) 300
    - "Tucapel" wrecked .... (n) 300
  - Water main bursts, Chicago, Ill. .. (n) 638
  - Windstorms:
    - Abilene, Tex. .... (n) 189
    - Chile .... (n) 35
    - Georgia and South Carolina .... (n) 273
    - North Dakota .... (n) 240
    - Springfield, Ill. .... (n) 353
- Acetylene welding. (See Welding.)
- Advertising:
  - Power apparatus ratings .... (ed) 409
  - Requirements and theory of advertisement or notice to bidders on contracts for public works. By Jerome Cochran .... 306, (ed) 321
  - Why not advertise private contracts as well as public contracts .... (ed) 321
- Aerial navigation:
  - Accidents. (See Accidents.)
  - Aerial locomotion. Eng. Lit. Sup. .. 45
  - Aeroplane construction, Principles of. Eng. Lit. Sup. 32
  - Airship sheds, Demountable and portable gin-pole for erection work. *551
  - Altitude record by Garros .... (n) 325
  - Atwood's cross-country flight from Boston to New York .... (n) 35
  - Atwood's St. Louis, Mo., to New York City flight .... (ns) 215, 241, 273
  - Balloons:
    - International balloon race results (n) 453
    - Testing balloon fabrics in Germany. (n) 68
  - England; Rigid dirigible balloon collapse .... (n) 422, *455
  - Belgium, continuous flight of 388 miles .... (n) 128
  - England; Aeroplane 1,010-mile contest .... (n) 159
  - Flying machines of to-day. Eng. Lit. Sup. 20
  - Frictional resistance in pounds per ton to an aeroplane's motion .... (ed) 541
  - Height record, Chicago, Ill. .... (n) 241
  - International Circuit Aviation Race (n) 35
  - International speed race won by Weymann .... (n) 35
  - Rodger's cross-country flight .... (ns) 325, 545, 578
  - Soaring flight. Can man achieve it? By G. S. Binckley .... (let) 632
  - Transcontinental flights abandoned (n) 353
- Africa; Railway engineer's experiences. By Hilder Daw 684
- Agricultural machinery:
  - Manufacture of in the United States 692
  - Plowing at the rate of 14 acres per hour *569
  - Power and the plow. Eng. Lit. Sup. 32
- Air-brakes:
  - Catechism of. Eng. Lit. Sup. 12
  - Improved air-brake equipment for controlling modern passenger trains. *16
- Air-brakes; (continued.)
  - Power brakes for heavy street cars ordered by New York Public Service Commission 579
  - Quadruple brake equipment on electric cars of Alps Mts. railway .... (n) 402
  - Railway tests of air-brakes; 1878-1909 143
- Air compressors:
  - Nordberg air compressor; High duty of. By Bruno Nordberg .... (let) 239
  - Underground pneumatic tube system for the transportation of U. S. mail. By B. C. Batcheller *308
- Algae; Dissolved gases of the inland lakes of Wisconsin and their biological significance *558
- Alloys:
  - Aluminum alloy for engine cylinders (n) 524
  - Fusible pendents to indicate the temperature of flue gases .... (n) 557
  - Possibilities of useful discoveries in the way of alloys. By W. R. Whitney 606
  - Production of alloy steels in 1910. (n) 452
  - Technical analysis of brass and non-ferrous alloys. Eng. Lit. Sup. .. 46
- American Electric Railway Association; Annual convention 476
- American Institute of Electrical Engineers:
  - Annual convention .... 120, Erratum 31
  - Duty of electrical engineers toward the public. Presidential address 26
  - Hearings before National Waterways Commission 709
  - Standardization. Rules of. Eng. Lit. Sup. 58
- American Railway Engineering Association; Manual of. En. Lit. Sup. 11
- American Society for Testing Materials:
  - Annual meeting 32, 62
  - Needed improvements in the art of testing materials; Presidential address. By H. M. Howe 53
- American Society of Civil Engineers; Organization of local associations. By C. W. Hunt .... (let) 376
- American Society of Heating and Ventilating Engineers; Semi-annual convention 77
- American Society of Mechanical Engineers; Annual meeting *718
- Annealing processes; General rules for annealing rolled and forged carbon steels 188
- Aqueducts:
  - Los Angeles, Cal.:
    - Power development to be increased .... (n) 241
    - Progress of work .... (n) 785
    - Report on utilizing for irrigation the surplus waters. By J. B. Lippincott. 514
  - New York Water Supply:
    - Catskill:
      - Emergency supply from .... (n) 579
      - Explosion in Central Park, N. Y. City, Oct. 9 .... (n) 452
      - Explosion of dynamite, Cornwall-on-Hudson .... (n) 215, erratum 323
      - Steel pipe cement lined and concrete covered. By A. D. Flinn .. *526
      - Tests of watertightness of concrete tunnel lining. By C. R. Hulsart. *710
    - (See also Pipe lines; Water mains.)
- Arbitration; System of commercial arbitration established by the Chamber of Commerce of the State of New York .... (n) 213
- Arch centering:
  - Charles River bridge of the Boston Elevated Ry. *61
  - Collapse of arch bridge centering kills 11 men, Switzerland .... (n) 354
  - Steel forms used in the construction of the Mississippi River dam at Keokuk, Iowa *359
- Arch theory:
  - Analysis of arches of irregular outline. C. A. Melick *378
  - Estimating tile floor arches, Query. (n) 120
- Arches:
  - Concrete:

Sketches illustrating behavior of tieplated columns 377
Compressed-air concrete mixing and conveying apparatus 173
Compressed-air mail tube system....... 310
Compressed-air reheater, Portable oilburning 372
Concrete blocks; Church ruins made to order in England................ 213
Concrete construction plants:
Dry-dock, Port Arthur, Ont.......... 589
Hauserlake dam, Mont............... 163
Keokuk, Ia., Mississippi River power plant 362
Concrete electrolysis test specimens..... 10
Concrete floor design of collapsed Indianapolis building 780
Concrete floors; Economical designs.... 133
Concrete forms:
Brooklyn, N. Y., Fourth Ave. subway.. 107
Coal mine shaft concrete lining....... 501
Diagrams for design of............... 630
Steel forms used for the Keokuk, Ia., Mississippi River dam............. 359
Steel wall forms for light reinforced-concrete prison wall............... 494
Concrete lined coal mine shafts......... 500
Concrete mixer and elevator used in Mexico 24
Concrete mixing plants:
Charles River Bridge, Boston Elevated Ry. 62
Keokuk, Ia., Mississippi River power plant 363
Pneumatic apparatus for mixing and conveying concrete 173
Concrete railway stations of the Wabash Ry. 279
Concrete reinforcement bending machine 372
Concrete slabs:
Arrangement of reinforcing steel around openings 466, 628
Dam face 245
Floor designs 133
Concrete statue of Blackhawk, Oregon, Ill. 126
Concrete truss, Warren type............ 182
Condenser circulating-water five-section strainer 371
Conveyor equipments for cargo carrying ships 456
Conveyors:
Chicago Portland Cement Co......... 703
Coal and ash handling suction conveyor 270
Foundry outfits 167
Conveyors: (Continued.)
Portable; For handling freight........ 368
Troughing pulley for belt conveyors.. 638
Coolgardie pipe-line de-aerating apparatus, proposed.................. 224
Corrosion test specimens of iron and steel 156
Cranes:
Cantilever gantry cranes for construction of Keokuk, Ia., power plant.. 362
Electric-crane car 679
Grab-bucket cantilever crane for sand and crushed stone................ 86
Locomotive crane on a gantry........ 605
Locomotive crane used as a traveler and pile driver.................. 625
Motor-truck cranes for shops and warehouses 675
Creosoting plant of the Pennsylvania R. R. at Philadelphia, Pa............ 1
Crib, North dike of the new canal, Sault Ste. Marie, Mich................ 275
Culverts; Standards of the Los Angeles County Highway Commission...... 342
Curve superelevation on macadam roads 159
Cylindrical surfaces, Measuring the internal diameters 627

Dams:
Alamito Creek, Texas................ 243
Austin, Pa., Failure of reinforced-concrete dam 417
Buttressing low masonry dams........ 715
Colorado River break................ 669
Cross-sections of high dams.......... 594
Dells and Hatfield dam failures, Wisconsin 482
Gatun dam, Panama Canal............ 548
Hales Bar, Tenn., foundations........ 754
Hauserlake, Mont., New concrete dam. 162
Jumbo dam, Colorado, Lines of saturation 447
Keokuk, Ia., Mississippi River........ 356
Lake Wolcott, Minidoka irrigation project 4
Remarkable concrete arch dam, Oregon 220
Roosevelt dam, Salt Lake irrigation project 6
Sioux Falls, S. D., Light and Power Co. 154
De-aerating apparatus for Coolgardie pipe line 224
Derrick-car used for girder bridge erection on the San Pedro, Los Angeles & Salt Lake R. R. 116
Derricks:
Deep-water sounding; Derrick for handling sounding rod............ 468
Erecting steel building with 95-ft. guyed derricks 37
McVeigh-Dougherty type 734
Portable and demountable gin-poles... 555
Steam shovel attachment............. 385
Dey, Peter A........................ 251
Diagrams:
Automatic electric motor control...... 259
Average monthly results of hypochlorite treatment 557
Ballast tests of the Pennsylvania R. R. 229
Boiler tests, Detroit Edison Co........ 681
Calculation of secondary stresses...... 399
Columns with fixed end tests.......... 530
Computing the area which can be irrigated by hydraulic power......... 556
Concrete expansion and contraction.... 27
Concrete form design................ 630
Derivation of the Mallet locomotive coupling-pin formula..........375, 715
Dissolved oxygen and free carbonic acid, Lake Mendota, Wis., water.. 558
Effect of fuel consumption on climate in New York City................ 93
Engineering News formula for safe load on piles..................... 342
Gas-holder design 614
Grading landscape areas.............. 678
Graphical argument for use of water meters 633
Gravel ballast for railway track...... 226
Hydraulic elements of egg-shaped sewers 40
Hyperbola planimeter diagram........ 628
Hyperbolic triangle, for measuring areas 340
Method of adding harmonic motions... 72
Method of measuring an angle without a protractor 341
Performance curves of Italian hydraulic turbines 776
Performance of single-phase electric motors 44
Plate girder design.................. 739
Pressure of wet concrete on forms.... 211
Progress of work, Fourth Ave. subway, Brooklyn, N. Y.................. 106
Pumping and irrigation chart......... 738
Rainfall and run-off, Merrimac River basin 101
Rainfall at Lowell, 1832-1910.......... 239
Rainfall, run-off and water storage, Croton Watershed, New York...... 510
Relative power requirements of compressed air and vacuum systems for pneumatic mail tubes............. 309
Resistance-time curves of concrete electrolysis 10
Results of air-brake equipment in stopping trains 18
Retaining wall earth pressures......... 92
Sewage disposal, Sanitary District of Chicago, Ill. 652
Soil evaporation experiments.......... 428
Strength of Douglas fir............... 381
Strength of furnace slag concrete..... 186
Strength of oil-mixed cement and mortar briquettes 440
Diagrams: (Continued.)
Stress-strain curves for old wrought-iron 131
Stresses in continuous girders......... 380
Temperatures at Indianapolis Ind.... 781
Tests of strength of flat steel plates... 366
Valve design diagrams............... 202
Variation of the physical properties of steel 52
Discharge-increasing lip for the blowoff pipe of a dam................ 466
Dock, floating, for raising sunken vessels 230
Drag-boat for testing channel depths.... 467
Drawing board with steel T-square...... 733
Dredges; "Imperial," Imperial Valley, Cal. 697
Drill-hole near Ogdensburg, N. Y....... 676
Drills; Auto-traction deep-hole rock drills, Locker type............... 370
Drilling machine for 3½-in. holes for unwatering a mine................ 206
Dry-docks:
Floating dock for raising sunken vessels 230
Port Arthur, Ont., Canada........... 588
Dryers; Saw-tooth flights for rotary dryers 607
Dynamometers; Transmission dynamometer and speed-reduction gear.... 591

E.

Earth cut with vertical sides........... 377
Electric motor control, Automatic...... 258
Electric motors; Improvements in single-phase motors 44
Electric omnibus trolley line, Germany.. 425
Electric power plants in Italy.......... 764
Electric transformer station and distributing power, Switzerland....... 284
Electric transmission lines:
Pennsylvania R. R. across the Hackensack Meadows 435
Roosevelt-Phoenix 8
Electrical instrument; Bristol, recording multi-voltmeter 682
Electrical precipitation of suspended particles from smelter fumes......... 495
Electrolysis tests of concrete.......... 11
Elevated railways; Boston-Cambridge, Mass., Charles River Bridge....... 58
Elevator sheaves, Objectional forms of straps 146
Elevators; Portable conveyors and elevators for freight handling....... 369
Ellipse, Method of drawing an approximate ellipse 627, 736
Ely, Theodore Newell................. 57
Engine bearing, Assembly drawing of high-duty bearing 505
Engineer's happy new year............ 775
Evaporation experiments with arid soil conditions, apparatus and diagrams. 428

F

Fan, 20-ft. diameter fan in cotton mill 232
Feed water purifying chamber in vertical boiler 231
Fenders for approach walls Panama Canal 545
Fenders for masonry dock walls, Boston, Mass. 533
Ferry car-transfer bridge, New York Central & Hudson River R. R...... 771
Filing case for drawings.............. 628
Fillet sections 629
Filter for use in water analysis, Improved Sedgwick-Rafter 735
Filter and clarifier, De Laval centrifugal 730
Filter press, Berrigan continuous...... 184
Finger guard for wheelbarrow handles 340
Flask for preventing warping of thin castings 783
Floods:
Austin, Pa., Dam failure............. 417
Black River Valley, Wis., Dam failures 487
Cedar River, near Seattle, Wash.... 706
Floor construction in reinforced-concrete standpipes 298
Floors:
Cast-iron girders of half a century ago 24
Concrete slabs of economical design 133
Cross-beam concrete floor system.... 13
Reinforced-concrete system of collapsed Indianapolis building 780
Flume of corrugated metal without crossties 784
Forest fire notices in Oregon.......... 76
Foundation of reinforced-concrete arches. 763
Foundry conveyor outfits.............. 167
Foundry machinery 168
Freight handling by portable conveyors and elevators 368
Freight handling by telfers, Manchester, Eng. 208
Frost, George H., Luncheon to......... 67
Fungi on wood beams................. 728

G

Gas and oil engines; Columbia-Knight gasoline engine 161
Gas-engine pumping plant, Haddonfield, N. J. 14
Gas-holder design 644
Gas-holders; Erection of a large gasholder 648
Gates, Panama Canal locks............ 549
Gears; Speed-reduction gears 591
Gin-poles, Portable and demountable.. 555
Grandstands; Pile-driver ram for demolishing a reinforced-concrete grandstand 622

(n) = note, (ed) = editorial, (let) = letter, * = illustrated article, † = inset sheet.

ENGINEERING LITERATURE (SUPPLEMENT).

EDITORIALS.

Machinery talk in current fiction...... 29

CORRESPONDENCE.

An international technical index. By W. P. Cutter.......................... 17
Analysis of four books on engineering contracts and specifications. By Jerome Cochran 10
Analysis of six books on water-power engineering. By J. W. Woermann.. 1
Tyrrell's "History of Bridge Engineering." By H. G. Tyrrell............ 1

BOOKS REVIEWED.

A.

Address to Engineering Students. Waddell and Harrington 30
Aerial Locomotion. E. H. Harper...... 45
Aeroplane Construction, Principles of. Rankin Kennedy 32
Air-Brake Catechism, Up-to-Date. R. H. Blackall 12
American Cement Directory............ 5
American Conservation 26
American Economic Review............ 46
American Institute of Electrical Engineers, Standardization Rules of..... 58
American Railway Engineering Association; Design of Railway Bridge Abutments. J. H. Prior............ 46
American Railway Engineering Association, Manual of 11
Analytical Mechanics. E. H. Barton... 53
Applied Electrochemistry. M. De K. Thompson 12
Arizona, Vanished Arizona. M. Summerhayes 24

B.

Bearings and Their Lubrication. L. P. Alford 50
Blast Furnace, Study of............... 44
Brass and Non-Ferrous Alloys, Technical Analysis of. W. B. Price and R. K. Meade 46
Building in London. Horace Cubitt and Others 32

C.

Canal Record, Bound Volumes.......... 37
Carnegie Foundation for Advancement of Teaching 3
Case and Comment...................... 33
Cement Directory, American............ 5
Chattanooga, Tenn., General Features of a Park System for. John Nolan... 6
Chemical and Biological Survey of the Waters of Illinois................. 44
Chemins de Fer Funiculaires Transports Aeriens. A. Lévy-Lambert.... 21
Chemistry, Condensed Review of Ancient and Modern Chemistry. Sir William Ramsay 18
Chicago, Street Pavements Laid in the City of Chicago, Report of the Bureau of Public Efficiency............ 11
City Government by Commission. F. H. McGregor 19
City Government by Commission. C. R. Woodruff 31
City Planning: Madison: A Model City. John Nolen 6
City Planning: Philadelphia, Pa....... 6
City Planning: Pittsburgh, Pa.: Main Thoroughfares and the Downtown District. F. L. Olmsted............ 6
Civil Engineering, Manual of Civil Engineering Practice. F. N. Taylor.... 41
College Physics. J. O. Reed........... 55
Composition and Heat, Treatment of Steel. E. F. Lake.................. 2
Construcciones de Hormigon Armado. J. M. de Zafra..................... 22
Contractors' and Builders' Handbook. Wm. Arthur 33
Contracts and Specifications, Analysis of Four Books on. Jerome Cochran... 10
Copper Handbook, The. H. J. Stevens.. 56
Corrosion of Metal Pipes by Waters, Especially Before and After Purification. H. W. Clark and S. De M. Gage 30
Cost Keeping and Scientific Management. H. A. Evans.................. 9
Cost Keeping for Manufacturing Plants. S. H. Bunnell..................... 9
Course of Lectures on Army Sanitation. C. H. Melville..................... 22

D.

Dams, Design and Construction. Edward Wegmann 12
Design of Railway Bridge Abutments. J. H. Prior 46
Design of Walls, Bins and Grain Elevators. M. S. Ketchum.............. 54
Douglas Fir; Properties and Uses of. McGarvey Cline and J. B. Knapp.... 21
Drawing; A Manual of Engineering Drawing for Draftsmen and Students. T. E. French...................... 22
Drawing, Isometric Drawing. A. P. Jamison 31

E.

Elastizitaet und Festigkeit. C. Bach... 23
Electric Light for the Farm. N. H. Schneider 19
Electric Railway Manual. McGraw..... 11
Electric Traction and Transmission Engineering. Samuel Sheldon......... 31
Electric Traction for Railway Trains. E. P. Burch....................... 43
Electrical Engineering, Principles of. Harold Pender 46
Electrical Transmission, Elements of. O. J. Ferguson 54
Electricity, Practical Applied. D. P. Moreton 19
Electricity in Locomotion. A. G. Whyte. 52
Electro-Analysis. E. F. Smith......... 45
Electrochemistry, Applied. M. De K. Thompson 12
Elements of Electrical Transmission. O. J. Ferguson 54
Engineering, Industrial, Principles of. C. B. Going 3
Engineering Students; Addresses to. Waddell and Harrington............ 30
Enteric Fever "Carrier." J. C. G. Ledingham 14
Experimental Engineering. U. T. Holmes. 55

F.

Fire and Fire Losses. F. W. Fitzpatrick 22
Fly, House Fly—Disease Carrier. L. O. Howard 26, 59
Flying Machines To-Day. W. D. Ennis. 20
Forestry, Trees, Forestry and Lumbering Bibliography 5
Forests and Runoff; The Flow of Streams and the Factors that Modify It, with Special Reference to Wisconsin Conditions. D. W. Meade. 4
Framed Structures and Girders, Theory and Practice. Edgar Marburg...... 49
Franchises of Electrical Corporations in Greater New York. M. R. Maltbie.. 21

G.

Gas Engine, Handbook of. H. Haeder.. 58
General Features of a Park System for Chattanooga, Tenn. John Nolen.... 6
Grain Elevators, Walls and Bins, Design of. M. S. Ketchum.................. 54
Grundelliren der Hocheren Mathematik. Georg Helm 13
Grundlagen der Angewandten Geometri. Hugo Dingler 60

H.

Handbook of the Gas Engine. H. Haeder 58
Handbook of Steam Shovel Work....... 56
Health Officers, Traveling Library for.. 22
Hendrick's Commercial Register of the United States for Buyers and Sellers. 44
Home Water-works. C. J. Lynde....... 14
Hospital and Sanatorium Construction for Tuberculosis Patients. T. S. Carrington 5
House Flies. L. O. Howard............ 26
House Fly—Disease Carrier. L. O. Howard 51
Human Factor 38
Hydraulics, Treatise on. H. J. Hughes. 57
Hygiene, Manual of Practical Hygiene. Charles Harrington 24

I.

Illuminating Engineering, Lectures on.. 20
Indexes, An International Technical Index. W. P. Cutter................. 17
Industrial Engineering, Principles of. C. B. Going......................... 3
Instructions for Experiments in Laboratory for Testing Materials, Purdue University. W. K. Hatt..........45, 56
International Road Congress, Second; Report of 14
Isometric Drawing. A. P. Jamison..... 31

J.

Johnson, Tom L., Memorial in "The Public" 11
Joint Committee on Reinforced Concrete. 60

L.

Life Insurance, Undeveloped Field in. H. J. Messenger..................... 21
Locomotive Firemen and Engineers; Practical Instructor and Reference Book. C. F. Lockhart.............. 31
Lumber Industry, National Problems Affecting 5
Lumbering, Trees, Forestry and Lumbering Bibliography 5

M.

Madison, Wis., A Model City. John Nolen 6
Malleable Castings, Production of. Richard Moldenke 30
Manual of Civil Engineering Practice. F. N. Taylor........................ 41
Manual of Engineering Drawing for Students and Draftsmen. T. E. French. 22
Manual of Practical Hygiene. Charles Harrington 24
Manual of the American Railway Engineering Association 11
Map of North America.................. 60
Maschinentechnisches Lexikon 60
Mathematics for the Practical Man. George Howe 6
Mathematik, Die Grundlehren der Hoeheren Mathematik. Georg Helm..... 13
McGraw Electric Railway Manual...... 11
Mechanics, Analytical Mechanics. E. H. Barton 53
Mechanics, Text-Book of. L. A. Martin, Jr. 40
Metallurgy of Tin. Henry Louis....... 23
Milk Problems, Proceedings of Conference under the Auspices of the New York Milk Committee............... 44
Mill Buildings and Other Industrial Plants, Treatise on the Design and Construction of. H. G. Tyrrell...... 12
Milwaukee Bureau of Economy and Efficiency 24
Mining Debris, Report of Board on, Colony of Victoria, Australia........ 4
Modern Methods of Sewage Purification. C. B. Kershaw..................... 39
Money, Purchasing Power of. I. Fisher. 46
Mosquitoes, Reduction of Domestic Mosquitoes. E. H. Ross................ 38
Mosquitoes, Remedies and Preventives. L. O. Howard........................ 26

N.

National Board of Fire Underwriters; Rules 26
National Problems Affecting the Lumber Industry 5
New Idea in Sanitation. J. C. Salter... 20
Nitrification and Absorption Theory. F. W. Stoddart 2

O.

Official Handbook of the Panama Canal. 22

P.

Pavements, Street Pavements Laid in the City of Chicago; Report of the Bureau of Public Efficiency............ 11
Park System for Chattanooga, Tenn., General Features of. John Nolen... 6
Philadelphia, Pa., City Planning........ 6
Physical Optics. R. W. Wood.......... 55
Physics, College Physics. J. O. Reed.... 55
Physics, Text-Book of. L. B. Spinney.. 55

Physikalischen Chemie Themen der Emil Bauer 13
Pipes, Studies of the Relative Corrosion of Metal Pipes by Waters, Especially Before and After Purification. H. W. Clark and S. De M. Gage 30
Pittsburgh, Pa., Main Thoroughfares and the Downtown District. F. L. Olmsted 6
Plumbing and Household Sanitation. J. P. Putnam 2
Power, Effect of Mechanical Power on Civilization. C. E. Lucke 6
Power Plant Testing. J. A. Moyer 32
Power and the Plow. E. A. Rumley 32
Practical Applied Electricity. D. P. Moreton 19
Practical Instruction and Reference Book for Locomotive Firemen and Engineers. C. F. Lockhart 31
Practical Thermodynamics. F. E. Cardullo 37
Primer of Sanitation for the Tropics. J. W. Ritchie 19
Principles of Aeroplane Construction. Rankin Kennedy 32
Principles of Electrical Engineering. Harold Pender 46
Principles of Industrial Engineering. C. B. Going 3
Principles of Thermodynamics. G. A. Goodenough 37
Problems in Railway Regulation. H. S. Haines 56
Proceedings, Conference on Milk Problems under the Auspices of the New York Milk Committee 44
Production of Malleable Castings. Richard Moldenke 30
Properties and Uses of Douglas Fir. McGarvey Cline and J. B. Knapp 21
Proportional Representation. J. H. Humphreys 25
Public Health Service Directory and Year Book; 1911 42
Pumping Machinery. A. M. Greene, Jr. 29
Punjab River and Works. E. S. Bellasis. 60
Purchasing Power of Money. I. Fisher 46

Q.

Quality of the Water Supplies of Kansas. H. N. Parker 22
Quarterly Journal of Economics 30

R.

Radiumnormalmasse und deren Verwendung bei Radioaktiven Messungen. E. Rutherford 13
Railway Bridge Abutments, Design of. J. H. Prior 46
Railway Library, 1910 21
Railway Rate Theories of the Interstate Commerce Commission. M. B. Hammond 19
Railway Regulation, Problems in. H. S. Haines 56
Railway Shop Kinks. R. V. Wright 58
Reduction of Domestic Mosquitoes. E. H. Ross 38
Reinforced Concrete, Report of the British Joint Committee 60
Reinforced Concrete, Steel and Reinforced Concrete Buildings. Edward Godfrey 45
Report of the Board on Mining Debris of the Colony of Victoria, Australia 4
Revolving Vectors. G. W. Patterson 42

S.

Sailing Dates Bulletin of the U. S. Department of Commerce and Labor 26
Sanitation, A New Idea in. J. C. Salter. 20
Sanitation; Course of Lectures on Army Sanitation. C. H. Melville 22
Sanitation for the Tropics, Primer of. J. W. Ritchie 19
Sanitation; Plumbing and Household Sanitation. J. P. Putnam 2
Scientific Management and Cost Keeping. H. A. Evans 9
Septic Tank, The. H. D. Wyllie 24
Sewage Filters, Nitrification and the Absorption Theory 2
Sewage Pollution of Interstate and International Waters. A. J. McLaughlin. 39
Sewage Purification, Modern Methods of. C. B. Kershaw 39
Shipyard Practice as Applied to Warship Construction. N. J. McDermaid. 40
Standard Plans and Specifications of the City of Seattle, Wash 14
Standardization Rules of the American Institute of Consulting Engineers 58
Statistical Abstract of the United States. 1
Statistical Record of the Progress of the United States, 1800-1911 44
Steam Shovel Work, Handbook of 56
Steam Turbine, The. Sir C. A. Parsons. 55
Steam Turbines. J. W. Roe 18
Steel, Comparison and Heat Treatment of. E. F. Lake 2
Steel and Reinforced Concrete in Buildings. Edward Godfrey 45
Street Pavements Laid in the City of Chicago: Report of the Bureau of Public Efficiency 11
Streets, Width and Arrangement of. C. M. Robinson 56
Structural Engineering. J. Husband and William Harby 53
Structures; Framed Structures and Girders, Theory and Practice. Edgar Marburg 49
Structures, Theory of. C. M. Spofford 44
Studies of Relative Corrosion of Metal Pipes by Waters, Especially Before and After Purification. H. W. Clark and S. De M. Gage 30
Study of the Blast Furnace 44

T.

Technology and Industrial Efficiency 56
Technical Analysis of Brass and Non-Ferrous Alloys. W. B. Price and R. K. Meade 46
Technical Writing, Theory and Practice of. S. C. Earle 51
Tennessee Geological Survey Bulletins 22
Testing, Power Plant Testing. J. A. Moyer 32
Testing Materials Laboratory, Purdue University, Instructions for Experiments. W. K. Hatt 45, 56
Testing of Engines, Boilers and Auxiliary Machinery. W. W. F. Pullen 32
Text-Book of Mechanics. L. A. Martin, Jr. 40
Text-Book of Physics. L. B. Spinney 55
